GSA/MVM Systems: Supporting Customers through Technology

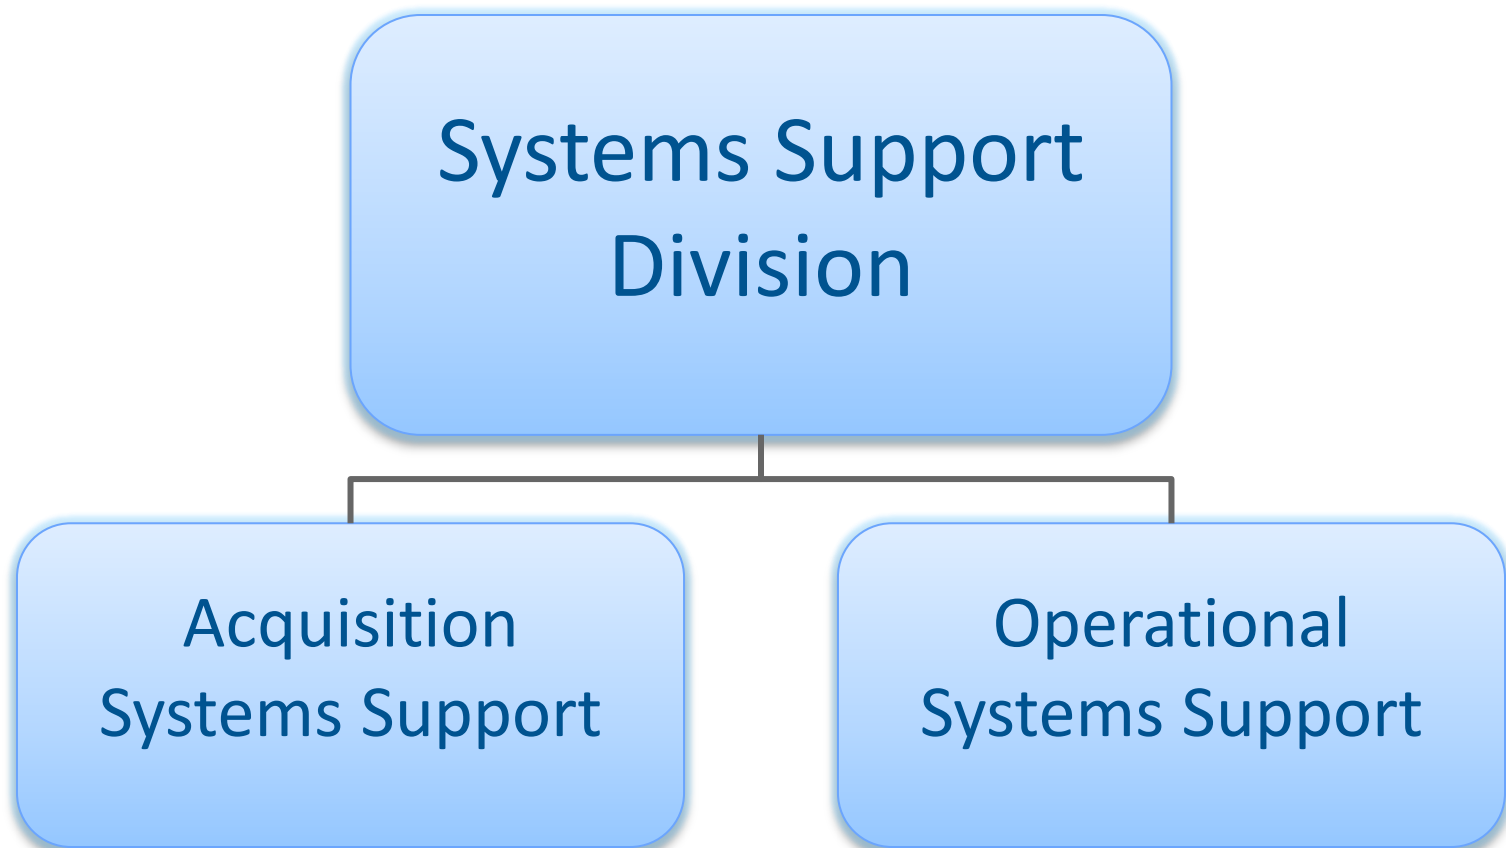

Claudia J. Brumbach
Director, Systems Support Division
GSA Office of Motor Vehicle Management

fleet-mgmt-training@gsa.gov

MVM Systems Support

Federal Fleet Management Training

MVM Systems Support

Federal Fleet Management Training

- Who are we?
 - Acquisition Systems Branch

MVM Systems Support

Federal Fleet Management Training

- Who are we?
 - Operational Systems Branch

MVM Systems Support

Federal Fleet Management Training

➤ What is our role?

- Liaison between PMO and CIO
- Conceptualize
- Requirements development
- Test
- Launch
- Maintain, Support, Enhance

MVM Systems Support

Federal Fleet Management Training

➤ Whom do we support/work with?

- Internal organization
 - FSRs
 - SCOs
 - Contract Specialist
 - Engineering Team
 - Regional Offices
 - Management
 - GSA OCFO
 - GSA OCIO

MVM Systems Support

Federal Fleet Management Training

➤ Whom do we support/work with?

- External organizations
 - Agencies
 - Vendors
 - OEMs
 - Marshalling sites
 - Auction houses
 - Other entities
 - UNICOR
 - NLETS
 - WEX

Current Key Initiatives

Federal Fleet Management Training

- A/B License Plates
- ROADS Modules and BAAR
- Automated Data Transfer
- Dispatch & Reservation Module
- GSA Fleet Drive-thru
- FedFMS
- FMVRS
- FMS2GO Mobile App
- Vehicle Fleet Exchange (VFE)

A/B License Plates

Federal Fleet Management Training

➤ Who?

- All federal agencies
- UNICOR
- Affects many MVM systems

➤ What?

- All federal plates barcoded with:
 - “A” or “B”
 - Expiration Date
 - Tag Number

➤ When?

- October 2014

A/B License Plates

Federal Fleet Management Training

➤ Process?

- Barcodes scanned at shipment
- Barcodes scanned at destruction
- Continue automated data feeds to FMVRS

➤ Benefits?

- Data Integrity
- Increased automation
- Efficiency
- Security

ROADS and BAAR

Federal Fleet Management Training

➤ ROADS Modules – Convert all

➤ AutoChoice

- Revamp by Oct. 2014
- Revamp focuses on:
 - Standardized look
 - Improve vehicle selection
 - Streamline overall processes

ROADS and BAAR

Federal Fleet Management Training

➤ BAAR Phase 2B

- Launched Jan. 15
- WebBill/Paper Invoices → VCSS
- Register at vcss.gsa.gov

Automated Data Transfer

(api.data.gov)

Federal Fleet Management Training

- Automated data *retrieval* from GSA to agencies
- First step: GSA Fleet leased *inventory* information
- Frequency: Dictated by agency (no more than once daily)
- Benefits:
 - Clean, fast, consistent
 - “Set it up and leave it”

Dispatch & Reservation Module (DRM)

Federal Fleet Management Training

➤ Who?

- GSA Fleet leasing customers
- FedFMS customers

➤ When?

- Pilot launched 12/16/2013
- Nationwide launch March/April 2014

➤ Role – Dispatcher

- Create and maintain motor pools
- Invite users to motor pools
- Dispatch vehicles to drivers

MOTOR POOL	RESERVATIONS
Add GSA Fleet Vehicles >>	New Reservation >>
Add FedFMS Vehicles >>	Modify/Cancel Reservation >>
Manage Vehicles >>	Dispatch (Start/End Reservation) >>
Motor Pool Maintenance >>	
USER MAINTENANCE	REPORTS
Invite New User >>	Motor Pool Utilization >>
User Profile Maintenance >>	Vehicle Reservation History >>
	User Profile Query >>

Dispatch & Reservation Module (DRM)

Federal Fleet Management Training

- Role – User/Driver
 - Reserve vehicle online
 - Maintain own user profile
- Benefits?
 - Maximize vehicle utilization
 - Combine GSA Fleet and FedFMS vehicle inventories
 - Share across agencies
 - Reports
- For more information:
 - vehicledispatch@gsa.gov

RESERVATION CALENDAR							
Jan ▾		2014 ▾		Search Month

GSA Fleet Drive-thru

Federal Fleet Management Training

- WEX Replacement Card Ordering
- GSA Replacement Vehicles
- PM Express
- Training Page

The screenshot shows the GSA Fleet Drive-thru website. At the top is the GSA logo and the title "GSA Fleet Drive-thru" with the subtitle "General Services Administration". Below this is a navigation bar with icons for Home, Application Access, Fleet Solutions, About Fleet, Fleet News, Driver Safety, and Contact Us. The main content area features a large image of a vehicle dashboard on the left and a text box on the right that reads "GSA FLEET DRIVE-THRU", "Real Time Vehicle Data", "The Key to Driving Your Mission", and "Analyzing Your Reports". Below the dashboard image is a "CLICK HERE TO FIND FUEL" link with a fuel pump icon. At the bottom, there are three columns: "Applications Access" with a list of links (CRASH, Customer-Driven Data, FTP Monthly Mileage Upload Tool, GSA Replacement Vehicles, Mileage Express, PM Express, Reports Carryout), "What's New" with a "Live." status and a description of on-line fuel card requests, and "Vehicle Operator Orientation Videos" with a description and a video icon.

Applications Access	What's New	Vehicle Operator Orientation Videos
<ul style="list-style-type: none">• CRASH• Customer-Driven Data• FTP Monthly Mileage Upload Tool• GSA Replacement Vehicles• Mileage Express• PM Express• Reports Carryout	<p>"To stop scrolling, mouse over text"</p> <p>Live.</p> <p>Customers who lease GSA vehicles now have the ability to request a new replacement fuel card on-line using the</p>	<p>Information about operating, maintaining and managing your GSA Fleet Vehicle.</p>

➤ What?

- Inventory Management System for Agency-owned vehicles
- Real-time automated data from FMVRS
- Vehicle Detail
- Mileage Reporting
- Expense Records
- Maintenance and Repair
- FAST Data Center
- Dispatch & Reservation Module

- Recent enhancements
 - Vehicle Detail -- streamlined
 - FAST identifier/icon
 - Automated OEM data
 - Data elements critical to FAST
 - FAST-related Reports
- Future plans
 - J-Upload process for mileage reporting and expenses
 - Automate Mileage reporting
- Offered at no additional cost

FMVRS

Federal Fleet Management Training

➤ Current Efforts:

- A/B license plates
- G-tag missing expiration dates
- Online training simulation
- GSA Fleet FSRs: Read-only access

➤ Working toward:

- Restrict to multiple Bureau/Office Codes
- Auto-notification of expiration date
- “Help” links for each page/screen

FMS2GO Mobile App

Federal Fleet Management Training

➤ What?

- Android based
- Developed in-house

➤ Why?

- Take advantage of current technology
- Real-time data transfer to mainframe
- Eliminates unique development for multiple browsers

➤ What/Whom does it benefit?

- Eliminates “device dependency”
- Greater flexibility, streamlined process

➤ When?

- Now, but need pilot opportunities

Vehicle Fleet Exchange

Federal Fleet Management Training

➤ Who?

- GSA Fleet leasing customers
- Contracted marshalling locations
- Fleet Service Representatives (FSRs)

➤ When?

- January 1, 2015

Vehicle Fleet Exchange

Federal Fleet Management Training

➤ What?

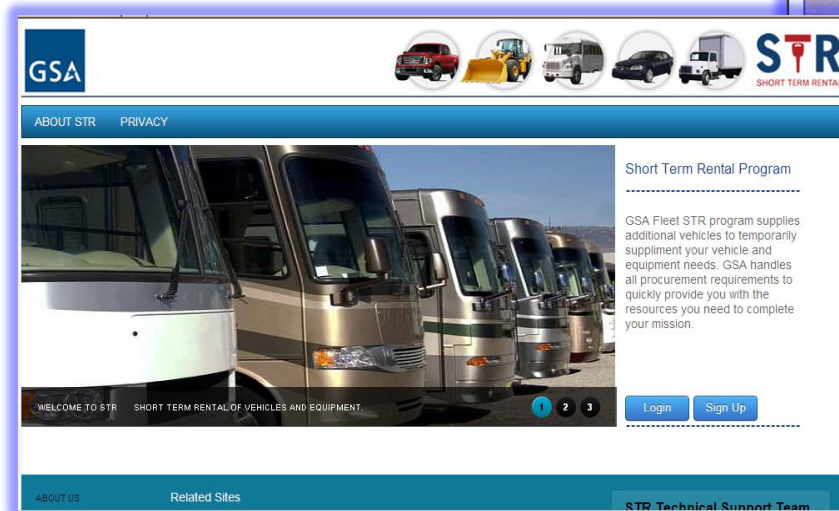

- Auto-generated email notifications
- Online scheduling of vehicle exchanges
- Easy view of vehicle exchanges (not) scheduled
- FSRs view all vehicles ready for exchange, regardless of location

Additional Solutions

Federal Fleet Management Training

- AutoAuctions
- Automated Vehicle Recalls
- WebSTR
